

MES After School Program 2017-18

Come and join the Fun . . .

First Week Activities:

MES After School Program begins Monday, August 21, 2017. We will be offering 5 days full of fun activities for students K-5 during the after school hours during the first week of school. Our **program** is at Pomona Elementary School, 1045 S. Cascade. During these first few days, students may attend activities and also register for formal classes that begin on August 28, 2017.

Students will be bused from their elementary school to Pomona Elementary. After students check in, snacks will be provided. A wide variety of games, sports, and art will be available to all students during this first week!

First Quarter Classes:

Beginning Monday, August 28, regular classes at the After School Program will begin.

We offer Homework Help in Math and English 3 days a week. We also offer fun classes that explore art, science, history, drama, computers and sports.

Important: *Students will be able to sign up for specific 1st quarter classes beginning Monday, August 14, 2017 and during the first week of program.*

Feel free to stop by the MES After School Program office on the corner of South 9th and Uncompahgre, Pomona Elementary School Campus, during the week of August 14-18 between 8:30-12 pm. It is best to visit our site

and get registered before the first day of school! Calling in advance will ensure that someone will be available at the MESASP office to register your student! Sharon Penasa 901-9344

Registering students early allows the coordinator to sign students up for the bus, prepare name tags for students, and get them on sign out sheets. **HELP US OUT AND REGISTER EARLY!**

QUARTER I CLASSES:

August 21-Oct. 11
